SOURCE Hua Sheng Jih-pao.**SOVIET TROOPS REPORTED IN MANCHURIA**

Taipei (T'ai-pei), Taiwan: (Central News Agency), 10 Jun 49 -- The following version of Soviet troop movements into Manchuria was given by an observer who recently returned from the Northeast:

"For 5 days and 5 nights in March 1949, a car ~~text~~ does not specify whether train or motor/ loaded with Soviet troops and heavy weapons entered Shen-yang (Mukden) at an interval of every 3 hours. These troops are now billeted at the Tung-ta (Uda: 4765, 1946) Garrison, and are forbidden to leave the area. An area of several miles around this garrison is now restricted and no one is permitted to enter it. A mechanized regiment equipped with tanks and heavy artillery is stationed in the Fu-shan area. In addition, Soviet troops are in the Ha-erh-pin (Harbin), An-tung, Chin-chow and Ying-hou areas."

The informant, who refused to reveal his name because his relatives are still living in Manchuria, also stated that the Chung-Chiang Railroad (Chinese Eastern and South Manchurian Railways) is now under complete USSR control, and the guarding and protection of this line are being carried out by Soviet troops. In addition, he said that navigation on the Sung-hua Chiang and Nei-lung Chiang is now under USSR control.
